What are your top career matches? Can you identify any themes?

4 Dimensions of Career Fit for Career Decision-Making:

Workplace

Will the typical workplace of this career make me happy?

Your environment is a large contributor to your workplace happiness.

History

Will my past experiences and education help me get a job in this career?

Where you live, experiences and education are important considerations to choosing a career.

Interests

Will I find this career interesting?

Research shows that interest in a career field is positively correlated with career satisfaction.

Personality

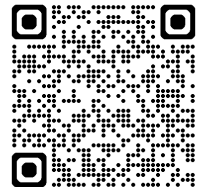

Will I be good at this career?

Personality fit with a career is a strong predictor of on-the-job performance.
